

THE CHILI TOWN BOARD MEETING
July 17, 2024

A regular meeting of the Chili Town Board was held on July 17, 2024 at the Chili Town Hall, 3333 Chili Avenue, Rochester, New York 14624 at 7:00 p.m. The meeting was called to order by Supervisor David Dunning.

PRESENT: Councilman DeCory, Councilman Slattery, Councilwoman Sperr, Councilman Valerio and Supervisor Dunning.

ALSO PRESENT: Dawn Forte, Supervisor's Secretary; Sandra Hewlett, Stenographer; Jared Hirt, Counsel for the Town; Virginia Ignatowski, Town Clerk; Daniel Knapp, Director of Finance; Councilman Slattery, Deputy Town Supervisor; Scott Bonnewell, Insurance Counselor.

The invocation was given by Virginia Ignatowski.

The Pledge of Allegiance was cited. The fire safety exits were identified for those present.

At this point, a Public Forum was conducted to allow public speakers to address the Town Board. No speakers addressed the Town Board. The Public Forum concluded at 7:06 p.m.

MATTERS OF THE SUPERVISOR:

SUPERVISOR DUNNING: As Ginny (Ignatowski) included in her invocation, the Summer Fest, I thought, was a great success. We had some great entertainment, some great food vendors, some crafters. Attendance was probably a little lighter than we would have liked to have seen. But overall, it was a great event. Did not disappointment at all. I have heard a lot of positive comments from it. So that is better than some of the things we have heard in the past. So we're doing well.

I also just would like to thank everybody who was involved in that in putting that together, the time spent on it. The Highway, DPW, Parks, Recreation and, you know, the Senior Center, everybody that really put a lot of time and effort in making that a huge success. Thank you, all.

Also, this morning we had the privilege of opening up our new fitness court that we have put over in the Union Station Park in North Chili. West Chili, I guess. It is an all-inclusive outdoor fitness facility with the ability to do -- pretty much serve people of all ages, all abilities. There is opportunities for people -- if they're in a wheelchair, handicapped, to use some of the equipment there and get a little exercise. We have had a nice group of people out there. Some young kids demonstrating equipment. As well, we had a group of seniors out there doing some of their regular exercise classes out there. So it was really nice to see. Thank you all for participating in part of that and making it happen. I think it's another great addition to the things that we offer our community here in Chili.

COUNCILWOMAN SPERR: Pretty cool. Yes. Pretty cool.

SUPERVISOR DUNNING: Just a little bit of an update for everybody. The playgrounds are still under construction. I actually went around to most of them today and noticed that the equipment is in good shape. The concrete, for the most part, has all been poured. We're still waiting on some of the rubber surfacing to be done and that is dependent on weather conditions. It is not something that can be put down in a -- in a torrential rain, which we have had a little bit of lately. So those are coming up -- coming up pretty soon. So those should be done.

Veterans Memorial is coming along nicely. They have a lot of the concrete in and ready to go. I didn't go by there today, but last I saw, they had most of that prepared. They had some things out there. It looks like they're very, very close. I'm not sure of the timing. Mr. Lindsay right now is enjoying his vacation in Iceland so I can't ask him to see what the status is of like the monument and things like that. But that is coming along very nicely.

MATTERS OF THE TOWN COUNCIL:

COUNCILMAN SLATTERY: Supervisor, if I could, please. Thank you for the update on that. Just a question in regards to the Story of Hope. That is -- was supposed to open a number of years ago and different factors why it hasn't. Just wondering if there is an update on that.

SUPERVISOR DUNNING: I have nothing. I have no idea what is going on with that. That would be something -- I don't even know if the Building Department has any updates on it. I will not put them on the spot right now. Certainly, feel free to contact him or I will talk to him tomorrow and get back to you.

COUNCILMAN SLATTERY: No. No problem. Just wondering if you're in communication with the --
SUPERVISOR DUNNING: I have not talked to anybody there. Mary (Sperr)?

COUNCILWOMAN SPERR: I thought it was -- they were aiming for the end of the month. Just to get the workers out there to get that finished is taking a little longer than they hoped.

SUPERVISOR DUNNING: It's a project, as you know -- for sake of people that might see this, this is a project being wholly funded by donations. There is no -- there were no loans that I'm aware of that

THE CHILI TOWN BOARD MEETING
July 17, 2024

were taken on to do this. This is all being done by volunteers and donated materials. So it does take a while obviously for them to raise the funds they need to finish this up.

Plus, they did have a little bit of a catastrophic event when we had some excessive rain and their rear wall in the basement caved in.

COUNCILWOMAN SPERR: Collapsed.

SUPERVISOR DUNNING: So they had to repair that. I'm sure that was a financial setback for them, too.

COUNCILMAN SLATTERY: Just the cleaning of it to remove all of the debris inside of it. Update from Lu Engineers for the sidewalk project on Paul Road?

SUPERVISOR DUNNING: Last update I got -- I think it was late last week -- we're very close to getting a number from them, which is what I need in order to apply for the grant that we're looking for. I believe we're pretty close. But again, I have had to wait for Mr. Lindsay to get that exact -- where they are with that.

COUNCILMAN SLATTERY: The water main project is the -- seems like they're doing pretty good. We're close to wrapping up.

SUPERVISOR DUNNING: Yeah. The water, we'll get the hydrants in and most of that stuff in. It looks like a lot of the line is in.

COUNCILMAN SLATTERY: Just the services now. And the restoration.

COUNCILWOMAN SPERR: I have a feeling that water project is what caused the pipes to explode. The pressure on the pipes. It happened somewhere -- a neighborhood in the city -- something to do with the water lines caused pressure to build up. Once we had to close the Community Center two times because of that.

SUPERVISOR DUNNING: Actually, three times.

COUNCILWOMAN SPERR: Three times it was?

SUPERVISOR DUNNING: I don't know. I don't know anything about that kind of stuff so I can't render an opinion.

COUNCILMAN SLATTERY: Generally the distance between where that work is being done and the Community Center shouldn't be a factor. Because you have so many other lines coming off of that.

COUNCILWOMAN SPERR: I just wondered.

COUNCILMAN SLATTERY: That's what people -- they see somebody working in the front of the house and their basement floods, they think it is because of that work. It doesn't work like that.

COUNCILWOMAN SPERR: Thank you.

COUNCILMAN SLATTERY: Supervisor, also, I read the Ethics meeting minutes and one thing that I saw there that -- you know, with Counsel being here -- they said they were going to reach out -- in the meeting minutes they said they were going to reach out to the Town Attorney, Mr. Stowe. So hopefully, you know, they're reaching out to the appropriate people, which I think -- I don't think they have. So if -- and --

SUPERVISOR DUNNING: I will have a conversation with the Chairman to make sure that he understands that it is not Mr. Stowe anymore.

COUNCILMAN SLATTERY: Well, hopefully, because these meeting minutes are from six --

SUPERVISOR DUNNING: They just had their annual meeting because they have not been called upon to meet for any purpose.

COUNCILMAN SLATTERY: No other issues.

SUPERVISOR DUNNING: So they -- they do meet -- they have been required to meet annually at least to have a conversation. I will get with the Chair and make sure that he understands that that is -- that is not Mr. Stowe any longer and that is --

COUNCILMAN SLATTERY: Just because it's been a little bit. I was just going to ask for an update if they have and where we stand on that. Because they also talked about discussing, you know, updating the Ethics code. So just wondering where they are with that.

SUPERVISOR DUNNING: There has been no update that I have been made aware of.

COUNCILMAN SLATTERY: Okay. So if -- if we can find out when they do it or what they're going to -- the process and just deal with Counsel.

SUPERVISOR DUNNING: I did ask the Chairman to take on that task of looking -- reviewing the code first and if there are needed changes, that they -- they look at that. And certainly those changes would then go through Counsel before we did anything with them. But we do that with all of the code.

COUNCILMAN SLATTERY: Yep. Absolutely. One other comment that I have, I will -- I will hold that until we get -- it's an agenda item. I will bring it up at that time.

SUPERVISOR DUNNING: Thank you.

COUNCILMAN SLATTERY: You're welcome.

SUPERVISOR DUNNING: Looking forward to it.

TOWN BOARD DISCUSSION RELATED TO THE FOLLOWING RESOLUTION:

COUNCILMAN SLATTERY: Supervisor, I have the Planning Board decision sheet from July 9th and looking at the top -- for attendance, it had Cross with an X in it for excused. And then just below that the next box it had votes and it has Cross for denying the vote. But when you read the back of it, it says it is 6-0. So -- and he wasn't present for the meeting. He was excused.

So why -- so for votes, it shouldn't say denied on there for him. It should be left blank, in my opinion. Because otherwise you're saying that it was 6-1.

SUPERVISOR DUNNING: I'm going to defer to Counsel on that. It is my understanding when a member is absent, it is equal to a no vote.

COUNCILMAN SLATTERY: Okay.

SUPERVISOR DUNNING: So -- which is why it is always important to have a quorum and why it is important to have alternates. In this case, we would have had someone sitting there. But that is neither here nor there. But it is my understanding -- I know on the back it should clarify --

COUNCILMAN SLATTERY: It should say 6-1.

SUPERVISOR DUNNING: We could probably have that corrected.

COUNCILMAN SLATTERY: Right. And then also, looking at the official heading for it, another thing that threw me off is Defendis, his name is not on the letterhead at the top either. If you look at the top right.

SUPERVISOR DUNNING: Yeah.

COUNCILMAN SLATTERY: I was doing -- I was looking at that and it just threw me off for a minute. No, wait a minute. You have six, but you have seven members.

SUPERVISOR DUNNING: It's an older letterhead. We'll correct that, too. And actually, we should probably add the alternates in there, too, just to have them on there.

COUNCILMAN SLATTERY: Actually, if you look at the bottom, it does have the alternate votes, a box for it.

SUPERVISOR DUNNING: I'm just saying up on the letterhead.

COUNCILMAN SLATTERY: Right. Correct. Correct.

SUPERVISOR DUNNING: We got to have the alternates' names listed up there so -- for clarity. We can get that corrected, though. Right, Jared (Hirt)? Okay with doing that.

JARED HIRT: You can correct that.

COUNCILMAN SLATTERY: I'm sorry. There is other comments I have in regards to this, but I will bring them up at Public Hearing when we have that. Questions pertaining to the application.

SUPERVISOR DUNNING: All right. Very good.

RESOLUTION #169 RE: Set Public Hearing for August 14, 2024 at 7:00 p.m. to consider the rezoning of 2675 Chili Avenue from R-1-15 (Residential Single Family 15,000 SF min. Lot) to NB (Neighborhood Business)

OFFERED BY: Councilman DeCory

SECONDED BY: Councilwoman Sperr

WHEREAS, the Planning Board at a public meeting held on July 9, 2024 by a vote of 6 in favor 1 excused, for the recommendation of the rezoning of 2675 Chili Avenue from R-1-15 (Residential Single Family 15,000 SF min lot) to NB (Neighborhood Business); and

NOW, THEREFORE, BE IT RESOLVED, that the Town Board hereby determines that this is an Unlisted Action, declares itself lead agency for SEQR review purposes and directs the Town Clerk to send notification of such designation to all, if any, affected agencies; and

BE IT FURTHER RESOLVED, that a Public Hearing be set for August 14, 2024 at 7:00 p.m. to consider the rezoning application for the property located at 2675 Chili Avenue (Tax #134.13-2-2) from R-1-15 (Residential Single Family 15,000 SF min lot) to NB (Neighborhood Business); Jack Hill owner(s) for the above referenced property has requested the rezoning and has paid the necessary zoning application fee.
